

FIREWALL TOOLBOX

User Permissions and Group Memberships

Appliance Details

Serial-Number:	0040103CD830
Firewall Name:	UDS-NSV270
Appliance Model:	SonicWall NSv 270
Uptime:	0 Days, 2 Hours, 11 Minutes, 3 Seconds
Firmware Version:	7.3.0-7012-R8150

Report Details

Date & Time Report created	22.10.2026 14:30:30
EXP File:	C:\Us...ox\Repository\0040103CD830\exp_api_downloaded.exp
EXP Timestamp:	21.10.2026 14:28:36
TSR File:	C:\Us...ox\Repository\0040103CD830\tsr_api_downloaded.wri
TSR Timestamp:	21.10.2026 14:28:37

User Permissions and Group Memberships

Explanation

This report provides an overview of user accounts, their direct and inherited group memberships, administrative and service privileges, and assigned VPN access rights. VPN access groups are expanded recursively to display their contained network objects. The report reflects configured permissions and does not necessarily represent effective network access, which may also be restricted by firewall access rules.

User Permissions and Group Memberships

Page 1

User: All LDAP Users

Group Memberships:

- LAN Access66
- SSLVPN Services
- Trusted Users

Administrative and Service Privileges:

- SSLVPN Services

VPN Access Rights:

Inherited from LAN Access66:

- LAN Primary Subnet [Group]
- WAN Primary IP [Group]
- WAN-GoogleDNS-8.8.8.8

User: apiuser

Group Memberships:

- SonicWALL Administrators
- Trusted Users

Administrative and Service Privileges:

- SonicWALL Administrators

VPN Access Rights:

- No VPN access assignments

User: apiuser2

Group Memberships:

- SonicWALL Administrators
- Trusted Users

Administrative and Service Privileges:

- SonicWALL Administrators

VPN Access Rights:

- No VPN access assignments

User: Hans-Peter

Group Memberships:

- 2FA-MAIL
- Trusted Users

Administrative and Service Privileges:

- No assigned privileges

VPN Access Rights:

- No VPN access assignments

User Permissions and Group Memberships

Page 2

User: Isabel

Group Memberships:

- Content Filtering Bypass
- Limited Administrators
- Trusted Users

Administrative and Service Privileges:

- Content Filtering Bypass
- Limited Administrators

VPN Access Rights:

Direct assignment:

- 060466 Subnets [Group]
- 150971-Test Interface IP [Group]
- DEAG_Test [Group]

User: LocalAdmin

Group Memberships:

- SonicWALL Administrators
- Trusted Users

Administrative and Service Privileges:

- SonicWALL Administrators

VPN Access Rights:

Direct assignment:

- LAN Subnets [Group]
 - LAN Primary Subnet [Group]
 - X6 Subnet
 - X6:V100 Subnet

User Permissions and Group Memberships

Page 3

User: mschmitz

Group Memberships:

- LAN Access66
- SSLVPN Services
- SonicWALL Administrators
- Trusted Users

Administrative and Service Privileges:

- SSLVPN Services
- SonicWALL Administrators

VPN Access Rights:

Direct assignment:

- DMZ Subnets [Group]
- DMZ-unsec IPv6 Subnets [Group]
 - X2 IPv6 Primary Dynamic Address Subnet [Group]
 - X2 IPv6 Primary Static Address Subnet [Group]
- DMZ-unsec Interface IP [Group]
 - X2 IP
- LAN Primary Subnet [Group]
- WAN-TZ570-10.10.10.254

Inherited from LAN Access66:

- LAN Primary Subnet [Group]
- WAN Primary IP [Group]
- WAN-GoogleDNS-8.8.8.8

User: Robert

Group Memberships:

- Guest Administrators
- Trusted Users

Administrative and Service Privileges:

- Guest Administrators

VPN Access Rights:

- No VPN access assignments

User: Sylvia

Group Memberships:

- Guest Administrators
- Trusted Users

Administrative and Service Privileges:

- Guest Administrators

VPN Access Rights:

- No VPN access assignments

User: Thomas

Group Memberships:

- 2FA-APP
- Trusted Users

Administrative and Service Privileges:

- No assigned privileges

VPN Access Rights:

- No VPN access assignments

User: Udo

Group Memberships:

- SonicWALL Read-Only Admins
- Trusted Users

Administrative and Service Privileges:

- SonicWALL Read-Only Admins

VPN Access Rights:

- No VPN access assignments

User: Uwe

Group Memberships:

- LAN Access66
- SSLVPN Services
- SonicWALL Administrators
- Trusted Users

Administrative and Service Privileges:

- SSLVPN Services
- SonicWALL Administrators

VPN Access Rights:

Inherited from LAN Access66:

- LAN Primary Subnet [Group]
- WAN Primary IP [Group]
- WAN-GoogleDNS-8.8.8.8

User: Webadmin

Group Memberships:

- SSLVPN Services
- SonicWALL Administrators
- Trusted Users

Administrative and Service Privileges:

- SSLVPN Services
- SonicWALL Administrators

VPN Access Rights:

Direct assignment:

- LAN Primary Subnet [Group]
